## SCHOOLS TO SPEND \$1,120,299

A school budget of \$1,120,299 for the school year 1956-57 was tentatively adopted by the Albany Board of Education at its meeting Monday evening, June 18. It will again be considered for changes or for passing at a meeting scheduled for July 17; and on July 7 a public hearing will be held preliminary to its final adoption.

Of the total amount of the budget, 84 per cent will be required for salaries. This amount included a 12 per cent increase in salary for full-time certificated personnel. This increase was granted to offset the additional amount that teachers and administrators must contribute in 1956-57 to the State Teachers Retirement System as a result of state legislation passed a year ago. With this increase, teachers' salaries in Albany will extend from a minimum of \$3,999 to a maximum of \$7,135. Dr. Paul C. Ryan, superintendent of Albany schools, stated that, even with this increase, Albany salaries will undoubtedly be lower than the salaries paid teachers in neighboring school districts.

In order to finance the school for the coming year, it will be necessary to use slightly more than \$220,000 of the reserves accumulated over past years. This situation is largely the result of the closing of Codornices Village and the school that served it. In 1955, the attendance at Codornices School dropped from 1229 to 100. During the same period, about 55 high school students who came from the village, left the school district. The loss of state and federal payments for their attendance amounted to \$431,938. It was reported by Dr. Bryan that the budget will require an estimated tax rate of \$1.89, the legal maximum.

Among other action taken by the board at this same meeting was to reduce, in the interest of economy, for a one-year period, the number of faculty members at Albany High School. The temporary faculty created by the year's sabbatical leave recently granted Richard Hillman, teacher of English, public speaking and dramatics, will not be filled but will be absorbed by other faculty members' teaching additional classes. Mr. Hillman's leave was granted to permit him to make a special study of linguistics and other subjects in the departments of the United States in Europe during the next school year.

Dr. Leslie Bennett, M.D., Ph.D., a member of the board, made a detailed report of the findings he made following a detailed investigation of the result of X-rays of human beings. This investigation was made as a result of a request by the Alameda County Tuberculosis Association that all school employees be X-rayed annually. The findings of Dr. Bennett were such that the board members unanimously agreed that the present system of requiring X-rays for checks on tuberculosis would not be increased over the present requirement, which is every second year for all full-time employees.

## HILLCREST REZONING FOR HOTEL APPROVED

Rezoning of an area at the top of Albany Hill from residential to commercial under the recently adopted "Hotel Ordinance," was approved at Monday night's meeting of the city council. There were no protests recorded at the public hearing which preceded the council's action.

The area involved includes 36 lots, and an irregular section to the west of the lots covering slightly more than two acres. It was pointed out that the action of the council, while paying the way for the granting of a permit for hotel, or motel on the property, was preliminary only and that plans and specifications for such construction would have to meet the stringent rules included in the "Hotel Ordinance."

American Motor Hotels, Inc., which requested the rezoning and which is said to have been incorporated for eight million dollars, has revealed plans including an hotel with accommodations for 257 guests, a cafe, dance floor, cocktail lounge, and a group of small shops.

The council went on record as opposing the transfer of an Alcoholic Beverage License for an off-sale store at 1500-1502 Solano Ave. on the ground that there already are five liquor stores in the immediate vicinity; that the location is within one block of the Marin grammar school; that it is near a church, and that a petition with 85 signatures had been received in protest. Letters were also received opposing the transfer from Maurice Brodersen, 616 Curtis St.; Mayor Lewis M. Howell, who is absent from the city, and from Dr. Frank C. Borgino, who has offices nearby.

A letter was read from George and Pearl Bond, 739 Pierce St., praising the Albany Fire Department for its prompt and efficient action when fire destroyed a portion of their home at that address. They praised especially the care with which the firemen did their work, both in fighting the fire and in cleaning up afterward; and their efforts to prevent fire and smoke, as well as fire damage to the furniture and fittings. The council ordered the letter sent to the fire department.

The city engineer was instructed to carry out plans he had submitted for the protection of the rear of the Albany Library, which has suffered some damage from parked cars between the library and the Cornell School. A sidewalk and curb is to be installed to keep the cars several feet away from the library wall.

The request of R. H. Redel, 756 Gateview, to construct a fence along the front of his lot, was approved, but only if the restrictions proposed by the city engineer be carried out in detail. The proposed fence would be on city property and adjoining the sidewalk.

Bids were received from nine firms for gasoline to be supplied the city during the coming year. These were referred to the city engineer for his recommendation. Bids on resurfacing the tennis courts at Memorial Park were also referred to the city engineer for his consideration and report.

A public hearing will be held next Monday night on the application of Joe Dagna, of Dagna's Market, 1382 Solano Ave., for a permit to install a parking lot for the use of his customers in an effort to lessen the parking problem in that area.

### CHRISTIAN SCIENCE

The everpresent power of Christian healing will be brought out at Christian Science services this Sunday at 533 San Pablo Ave. in Albany.

Scriptural selections in the Lesson-Sermon entitled "Christian Science" will include Christ Jesus' instruction to his disciples (Luke 10:9): "And heal the sick that are

therein, and say unto them, The kingdom of God is come nigh unto you."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, is the following (98:15): "Beyond the frail premises of human beliefs, above the loosening grasp of creeds, the demonstration of Christian Mind-healing stands a revealed and practical Science. It is imperious throughout all ages as Christ's revelation of Truth, of Life, and of Love, which remains inviolate for every man to understand and to practice."

The El Cerrito Assembly of God Tabernacle, 10936 San Pablo Ave., with Rev. E. W. Anderson, pastor, will be host to a missionary convention held by Rev. and Mrs. H. B. Garlock of Africa, this Sunday in three great services.

The services are to be at 11 a.m.,

6:45 p.m. and 7:45 p.m., featuring missionaries in costumes, moving pictures and a true account of a missionary delivered from cannibals.

Round trip to the moon? Not exactly, but Greyhound Driver Bert Prichard (center), might have made more than four such round trips if all his accident-free mileage were laid end to end in the moon's direction. Prichard, who lives in San Luis Obispo, Calif., estimates he has driven over 2,000,000 miles, all of it between San Francisco and San Luis Obispo. He is flanked by W. P. Haynie (left), Greyhound regional manager in San Francisco, and Robert E. Goeck (right), director of safety and personnel for Pacific Greyhound Lines. The occasion, a dinner meeting at which Prichard was awarded an inscribed mantle clock upon the completion of his accident-free year with Greyhound.

series of three sermons. The second will be "Is Forgiveness Practical?" and the third, "Need We Be Discontented?" There will be only one service at 10 a.m., with church school during the service and a coffee hour following in the church parlor. The soloist will be Mrs. L. S. Van Dorn.

The Pilgrim Fellowship will meet at 7 p.m. under the direction of James Price, minister for youth.

### CHECK YOUR BRAKES

Before you leave on that trip check the mechanical condition of your car, advises the National Automobile Club. Pay particular attention to the brakes, tires, steering system, lights and windshield wiper.

### Navy Seeks Young Men for Training

Quality instead of quantity is the key to successful Navy recruiting today. The Navy is seeking young men, especially high school graduates, who are capable of training in one of the many skills and trades now offered. Although mental requirements are higher advancement opportunities are greater. Current promotional opportunities can advance a new recruit to first class petty officer in just three years.

For information on the Navy's high school graduate and "buddy" programs contact your local Navy recruiting office.

## Congregation of Grace Lutheran Honors Janke

Pastor Ortwin R. Janke and Mrs. Janke of Grace Lutheran Church were honored recently with a surprise dinner, special services and a reception given by their congregation and many friends. It was on the occasion of Rev. Janke's 25th anniversary of ordination as a minister of the Evangelical Lutheran Church, Missouri Synod.

An impressive anniversary service was held at the church, following supper in the parish hall. Taking part in the surprise dinner and anniversary service were: the Rev. Arthur C. Nitz, pastor of St. Paulus Church, San Francisco, and president of the California-Nevada District; the Rev. Otto Rohrer, pastor of Trinity Lutheran Church, Richmond, and the Rev. Norman Ellermond, director of the Lutheran Servicemen's Center of San Francisco. At the following reception Francis Crowl, president of the congregation, introduced representatives of all the church or-

ganizations, who in turn presented gifts and tokens of esteem to Rev. Janke for more than 20 years devoted to the church. Reverend Janke came to Mission, Albany, in 1931, organized Grace Congregation in 1935, and was installed in the present location just over a year. The church moved to its present location in 1938, and experienced important expansion since, culminating in the year 1950 of the present. Reverend Janke has been an active member of many school and civic groups in Albany, now serving on the Advisory Committee to the Board of Education. Janke celebrated his 25th anniversary last year, leaving a son, Paul, and a daughter, Marga, and reside at 10101 Ave., Albany.

### Henderson Remains With Albany Church

Selection of new leadership for the Albany Community Methodist Church was held last night. The Rev. Donald H. Henderson, pastor of the church, presided. Henderson was elected to a second year as pastor. The church closed in Stockton last night. Many changes in pastoral assignments were noted as Bishop Donald H. Tippet made assignments. Henderson was appointed as superintendent of the Albany Community Methodist Church. The 600 ministerial and lay delegates selected the Rev. Donald H. Henderson of Santa Rosa as new executive secretary of evangelism. Henderson was appointed Baldwin's successor as superintendent of the Albany Community Methodist Church. For the first time, women were admitted to ministerial membership in the conference.

You probably know that each savings account at Security Savings is insured up to \$10,000 by a permanent agency of the U. S. Government.

But not everyone realizes that a small family of just husband and wife can have total savings insured up to \$30,000. How? By simply having three \$10,000 accounts, one in the man's name, one in the wife's and a third joint account . . . a total of \$30,000—all fully insured. (Two unrelated persons also can have joint accounts totalling \$30,000 insured savings).

If that couple has a child, total insured savings can reach \$70,000 by having seven different accounts as follows:

	Husband alone	\$10,000
	Wife alone	\$10,000
	Trustee account for child	\$10,000
	Joint account, man and wife	\$10,000
	Joint account, man and child	\$10,000
	Joint account, wife and child	\$10,000
	Joint account, man, wife, child	\$10,000
	TOTAL INSURED SAVINGS	\$70,000

Of course, just \$5 opens an account at any of Security Savings four modern offices. Current interest: 3%. Save with Security . . . where an interest payment has never been missed, a withdrawal never refused.

Main routes through the mountains are among the finest in the country and require only the normal driving caution and a few simple pointers to guarantee safety and comfort in traveling, says the California State Automobile Association.

The following is a series of suggestions offered by the AAA motorists' organization, aimed at better driving on the high-elevation highways:

- 1. Always keep to the right half of the roadway, especially on curves. When it is a blind sharp curve, blow your horn to let a possible approaching motorist know you're coming.
- 2. Don't ride your brakes on long or steep descents. Slow down by

shifting into lower gear. Keep your car in gear on the downgrades—don't coast.

3. Water boils at a much lower temperature in the higher altitudes, so be sure your radiator is full.

4. If your engine heats and stops when you have a tank full of gas, you may have a vapor lock. Allow sufficient time for the motor to cool or, if faster cooling is desired, place a damp cloth over the fuel pump and in a few minutes the car will be okay.

5. Don't be in a hurry on the high roads. Relax, drive slowly and enjoy the scenery. Stop at the overlooks and enjoy the views.

6. Adhere to the safe driving speeds you see at the curves. They've been posted for your protection.
